

# Hybrid Workplace Experience

Daily touchpoints for a connected workplace

## View Calendar & Meetings

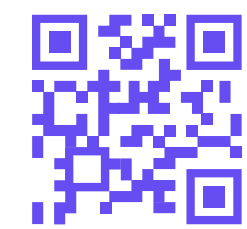

To start the day, open up your employee app and scan for upcoming meetings, times, and locations

## Find and Book A Desk

## Schedule Amenities

Book your time slot at the gym, order your morning coffee, and schedule your yoga class.

## Take Health Survey

## Contactless-Entry with QR Code

Enable contactless-entry to buildings, elevators and other secure spaces.

## Get Directions & Parking Assistance

Turn-by-turn navigation to your workplace with smart parking assistance once you arrive.

## Indoor Navigation

Use a live map and blue dot wayfinding to go straight to your destination.

## Book Conference Rooms & Find Colleagues

See the location of your colleagues in real-time and get turn-by-turn navigation to their location.

## File Support Tickets

## Visitor Management

Easily check-in and see the location of guests in your building.

## Check Company News, Events and Updates

Keep an eye on upcoming employee events and view articles from thought leaders within your organization.

## Automatic Desk Release & Cleaning Request

Desks automatically go back into inventory if employees do not show up or can be put into a cleaning queue when a reservation is completed.

**Simplify your employees day-to-day experience**

Get in touch with one of our workplace experts to see how an employee-first mobile app helps employees navigate the hybrid workplace with ease.
